

OFFICE BASED TREATMENT NOTIFICATION REVIEW

OBOT NOTIFICATION REVIEW:

STEP 4

ID Issued by DEA

- ✓ **The ID Number is actually the DEA Registration Number with the first alpha character replaced with an “X”. For example, AB1234567 would have an ID of XB1234567.**
- ✓ **The physician receives a new registration certificate with both the DEA registration number and the ID Number on it. HHS is notified of the issuance of the ID Number.**
- ✓ **The ID will not be on the DEA database. There is a new sub-category being added to the business activity field. A practitioner with an approved waiver will be under business activity code C1.**

Notification Form: Item 8

Purpose of Notification (check all that apply)

New

Immediate

Notification Form: Item 11
